## West Branch Board Studies New Bond Issue, Levy

Lack Funds to Complete New High School

Operating Revenue Shrinks; Teacher Appointments Made

The West Branch Board of Education, faced with the specter of an unfinished new high school, Tuesday night debated the possibility of a new bond issue to be put to voters in the fall elections.

The Board estimates that \$28,000 more will be needed to finish the gymnasium at the high school being built on Rt. 173 just south of Beloit.

Voters passed the bond issue for the maximum legal amount, nine percent of the district property evaluation — \$1,150,000 — in November, 1960.

Although that bond passage provided sufficient money for erecting and equipping the school building, the gymnasium cannot be finished without an extra quarter million dollars, board members declared.

Also discussed at the board's monthly meeting was a possible school operating levy to compensate for an approximate \$40,000 annual loss which will result from a ruling two weeks ago by Mahoning County Common Pleas Judge John W. Ford. He reduced the legal millage rate in West Branch school district, which had two levies for 11 and three mills, from 14 to 12.9. The loss of 1.1 mills in the school district would amount to about \$23,000 from Mahoning County and \$20,000 from state foundation money.

Judge Ford's ruling arose from a hearing on suit charging that county officials had failed to reduce the millage rate to match the increased property valuation stemming from the new reappraisal and overcharged taxpayers \$2,500,000.

The board will take further action on the matters of the bond issue and levy at a special meeting Tuesday night.

### Ten Teachers Hired

Ten teachers were hired who signed and returned contracts. They are: Judith Black of East Palestine, first grade at Maple Ridge; Lois Wuthrich of RD 2, Beloit, fourth grade, Maple Ridge; Pauline Jean Reed of Salem, English at Maple Ridge; Llewellyn Thompson of Dresden, physical education at the high school and assistant football coach; Judy Hales of Alliance,

## Ohio Retail Trade Shows 9% Increase

COLUMBUS, Ohio (AP) — The early incidence of Easter in 1961 muddles the picture a bit, but Ohio State University's Bureau of Business Research reports April 1962 sales of Ohio retailers were up sharply over the level for April 1961.

The bureau attributes a substantial part of the rise to the fact that Easter 1961 fell on April 2, placing most of that holiday's sales volume in March.

The largest April-to-April increases were found in Easter-affected lines, such as department, clothing and shoe stores, the latter being as high as 45 per cent.

Less fuzzy is the comparison between the first four months of the two years. This finds Ohio retail trade having averaged a 9 per cent gain in 1962 over 1961. Biggest gains were for automobile dealers (up 23 per cent) and plumbing equipment dealers (up 55 per cent).

All the major Ohio cities registered gains both from April to April, led by Chillicothe at 25 per cent, and for the first four months of the year over the similar part of 1961, led by Columbus' 10 per cent.

## Search Continues For Three Missing Alcatraz Convicts

SAN FRANCISCO (AP) — The search went on today for three bank robbers who vanished from tide-swept Alcatraz Island prison in San Francisco Bay Tuesday after wriggling through cell walls tediously enlarged with stolen spoons.

Skillfully made dummies in their bunks prevented guards from discovering their absence for several hours.

Warden Olin Blackwell said he does not believe the three men, led by a convict with an IQ of 132, are alive if they tried to swim for it.

However, because of the thoroughness of the trio's planning to bust "The Rock," officials concede that the men could have made it ashore on a makeshift raft.

Warden Blackwell told how the three men escaped the attention of authorities.

At 5 p.m. Monday, as usual, the doors clanged shut in the three-tiered cell block that housed 269 prisoners, watched over by 155 guards.

Nor do they discount the possi-

bility that Frank Lee Morris, 35, the leader, and two brothers, John, 32, and Clarence Anglin, 31, are still on the island, lurking in a water's edge cave.

An ever-widening search—coordinated by the FBI—has spread over northern California.

Their escape was discovered at 7:15 a.m. Tuesday. They were last seen at 9:30 p.m. Monday.

No one is known to have survived an escape attempt from "The Rock" in its 28 years as a federal prison, although 35 men tried it in 11 separate attempts.

Warden Blackwell told how the three men escaped the attention of authorities.

At 5 p.m. Monday, as usual, the doors clanged shut in the three-tiered cell block that housed 269

prisoners, watched over by 155 guards.

At 9:30 and thereafter every hour on the hour during periodic checks, nothing was found amiss.

Then at 7:15 in the morning, at the regular showup, the three didn't get up. Guards prodded what appeared to be their sleeping forms and found dummies—very realistic, plaster, paint and hair heads and pillow bodies."

It was found that the trio, apparently for weeks, had been digging at plaster and cement four inches thick with bits of spoons. Their painstaking effort loosened a metal cover leading to a ventilation shaft through each cell wall.

The 8-by-12 inch openings connected the cells with a service shaft a yard wide.

From there it was 30 feet up

indicated he was pleased with the large turnout but did express concern over the fact that many present were college graduates who are primarily interested in taking graduate courses.

Smith says that no graduate work will be offered until after the first two years. "The more successful the beginning, the greater the opportunity will be for starting graduate courses and in-service courses for teachers and persons seeking adult education," he said.

No more sessions are slated prior to the actual registration period beginning Sept. 1, but Supt. Smith says any questions concerning the program will be answered at his office.

Smith also pointed out that persons interested in the program but who were unable to attend the sessions should send the insert sheet of the information brochure, available at business locations throughout the city, directly to the University.

### Eligible To Register

All residents of Ohio who have completed high school and who are qualified for admission to Kent State University for the fall term are eligible to register for courses in the Salem Center.

Persons with college work at other accredited institutions may transfer to the Salem Center if they are in good standing at the last college or university attended.

The youth's father, George told of the comments attributed to his son, expressed doubt that his son actually made the statements. The elder Abshier said his son had written a few months ago that he liked the Army and was considering making the Army a

## Rotarians Are Told Local Airport Plans

Norman Weingart, chairman of

the airport committee of the Salem Area Chamber of Commerce, announced that an option has been taken on the H & E Airport on Rt. 45 several miles north of Salem, when he addressed members of the Rotary Club Tuesday.

According to Weingart, an independent group of Salem business men are in the process of forming a corporation to go ahead with the purchase of the airport and adjacent properties to the north, south and west for expansion purposes.

Weingart said the group asked

the Chamber for permission to

form and received the go-ahead.

Final details are yet to be worked out, but the group's intentions are

to sell stock in order to obtain

funds for necessary moderniza-

tion.

In addressing the Rotarians,

Weingart pointed out that estab-

lishment of an air facility near

Salem would be a boon to local

expansion. Illustrating his point,

he pointed out that Orville in Wayne County has had an increase of 40 per cent new manu-

facturing and processing plants

since an airport was built two

years ago.

He also pointed out that Salem

is on the National Airport charter,

which means that Salem is one

of the places the federal govern-

ment would like to see an airport

established.

Pointing to safety, Weingart

told the group that in 1961 only

one fatal accident was incurred

in every 4,600,000 miles flown.

Final details for the airport and

corporation are expected to be

finalized within a few weeks.

### Employment During May Showed Gain

WASHINGTON (AP)—Non-farm employment rose to a better-than-expected total of 55.1 million in May, a record for the month, the Labor Department said, elaborating on May job totals released two weeks ago.

Rising employment in the auto industry more than countered a job decline in steel, it said.

Factory worker earnings rose to their highest point in history, averaging \$97.20 a week and \$2.40 an hour, against prior highs of \$96.63 in December, on a weekly basis, and \$2.39 in April, on an hourly basis, it said.

As reported previously, the May employment total was 68.2 million while unemployment stood at 3.7 million. A Labor Department spokesman described the employment situation as very good but said unemployment is still too high.

Seymour Wolfbein, the department's manpower expert, said employment has risen so far this year by about a million more than was seasonally expected. He said auto employment rose by nearly 18,000 in May while steel industry jobs dropped by about 16,000.

### Youth Driving In Wrong Lane Killed

FINDLAY, Ohio (AP)—An automobile going south in the northbound lanes of a four-lane divided highway—at an estimated 100 miles per hour—carried the driver, a 20-year-old Findlay youth, to his death late Tuesday night.

Michael C. Smith missed one northbound truck, sideswiped a second, then crashed head-on into a third, the highway patrol reported.

The smashed truck turned over in a ditch, its trailer atop it.

Smith's car, meanwhile, passed under the trailer, was mashed and also landed in the ditch along U.S. 25 bypass near Van Buren, seven miles north of here.

The truck driver, Martin Nich, 48, of Chelsea, Mich., was injured.

## What Helps Freedom

When it is taken into consideration that the 1962 Joint Committee on Republican Principles, which produced a party "position paper" last week was composed of 12 members of Congress and thereafter approved by Republican caucuses of House and Senate members, a remarkable job was done. Congressional opinion among Republicans is not divided, as it is among the Democrats.

Some of the things on which Republicans are in substantial agreement will make their Democratic counterparts writhe. On medical care, for example, the Joint Committee recommends the retention of voluntary insurance with "effective" tax relief for medical and hospital insurance. This underwrites the proposal by Rep. Frank T. Bow of the 16th district as official party policy, just as Chairman William E. Miller of the Republican National Committee previously had recommended it should be. On this issue the party's position now is clear.

Its position is equally clear on over-dependence on the United Nations with the world's insoluble problems would destroy it.

"To ask this organization to perform tasks it is incapable of performing is not supporting the United Nations," says the Joint Committee, which then goes on to propose proportional representation in the General Assembly, both as to population and contributions relative to population.

ON STILL another point made last week by Ohio Sen. Frank J. Lausche with strong bipartisan support the Republican position is unusually clear: "The American program of economic aid must be recast so that it effectively serves the cause of freedom, without waste and within the sensible limits of careful priorities. Demands for

Republicans understand the workings of a free competitive economy. The present administration does not. We hold that American labor, business, industry, science and agriculture get the jobs done, pay the wages and create the rising standard of living . . .

"Republicans demand high-powered deeds, not high-sounding words. We want and expect the cause of freedom to win."

## Not Even Francisco Franco

Sufficient unto the news from Spain are the disturbances therein. Trouble is brewing. Not even the systematic, thorough repressions of Francisco Franco can keep down the self-assertion of the government's critics forever.

Franco became the leader of Spanish insurgents in the fall of 1936. It had been his purpose and it became his destiny to overthrow the republic proclaimed after the final collapse of the Spanish monarchy in the spring of 1931. He mounted the invasion from Morocco that undermined Spain's first popular government.

## New Stadium Lights

Salem High School football fans no doubt cheered yesterday's announcement that the school athletic board would appropriate \$5,000 to insure a renovation of the flood lighting system at Reilly Stadium.

The money will be put with \$10,000 previously set aside by the Board of Education, \$500 donated by the Kiwanis Club and \$150 offered by the Boosters Club to provide the \$15,650 needed to install a complete new lighting system at a field that back in 1927 was the first Ohio high school stadium to be illuminated for night football.

Actually, the athletic board's action is an investment in its own plant. The "gift" is revenue secured from the operation of the stadium through the years, chiefly at football games. In other words, the fans themselves have made it possible to help buy the new lights. The general public must not overlook the generosity of the Kiwanians and the Boosters, who are always busy promoting community projects.

Reilly Stadium, home of the Quakers, is expected to really glow next fall.

## Here to Stay

Carpers are saying about the educated people in the Kennedy administration what they said about "Brain-trusters" during the Roosevelt years—that they're dopes who never met a payroll and should go back to the campuses they came from.

This wouldn't be worth a thought, except for something that has been pointed out by Time Magazine. Being educated is becoming commoner in this country—not just half-educated but educated to the brim—says Time.

The best colleges now are accustomed to the fact their students look on them as advanced preparatory schools—the last stop before going to graduate school to earn advanced degrees. Even school teaching, regarded as only slightly better than skilled labor a few years ago, is attractive now to college students, who must prepare themselves for it by earning master and doctoral degrees.

Time points to 300,000 graduate students in the works and 11,000 doctorates being earned each year. Something has happened to the idea of a few years ago that people who had gone to college four years had all the education anyone could use.

The classic crack that the more educated you are the less you think you know has meaning in the generation preparing itself for the rest of the 20th century. Does it make sense to believe all the Harvard men in the Kennedy administration should apologize for what they are doing because they are college professors?

Antipathy for educated minds goes back to rough-and-ready frontier days. It goes beyond that to the resentments of colonial times when commoners were lorded over and supposed to like it by the reading-and-writing gentry.

Looks like it's here to stay, even in government.

## You Understand, It's Only Temporary

By Victor Riesel

## Inside Labor

In a small room the other day no one laughed when a special federal agent sat down, ran through confidential reports and came up with an angry snort at "Castro, the Cuban . . ."

These reports revealed that Castro operatives have set up field headquarters in some of our big cities—and have been offering this cruel narcotic in bulk. One such bundle was valued at more than \$8 million.

The "stuff" has been flooding the United States through entry points in Florida and New York. It is refined in Bolivia. Cuba then packages it. It is smuggled into our country to raise hard currency to pay for hardware and spare parts which are, in turn, shipped out of the United States into Cuba, via Vera Cruz mostly.

THIS COMMUNIST Cuban import-export ring was first pierced last Jan. 27. Then undercover agents of Harry Anslinger's Federal Bureau of Narcotics arrested one of Castro's intimates—Julio Pablo Guerra.

Raising money for guns and, later, for vitally needed medical supplies and spare material has long been Guerra's assignment.

When the agents got into his home in Woodside, a New York City residential area, they found what, in effect, was an international Communist field headquarters, as well as the operations

center for the cocaine ring.

Guerra had his own artistic inclination. He lined his walls with photos of Castro in action. Also a large Cuban Communist flag. Also Sino-Soviet literature.

Also Guerra carried a gun. He lost it when he tried to kill a government agent. The Castro operative now is doing 15 years.

There undoubtedly are other such field operations.

THE CUBANS need our dollars to pay for imports. Not food, mind you. For there is a deliberate Havana policy of starving the people rather than spending hard currency on food.

We know this because Castro and his Sino-Soviet "advisory" commission can order food and medicine in the United States quite legally. The United States embargo does not exclude such sales and shipments.

But there have been no requests for these U. S. supplies. Castro could pay cash for this vitally needed relief—especially for the medicine—now that Cuba is practically bereft of doctors.

Mr. Anslinger has told this columnist that Cuba now handles more cocaine than does the rest of the world. A \$200,000 a pound, such ghoulish traffic brings in quite a haul of cash.

WE'RE HAVING

INSTEAD of ordering food and medicine, the Cuban Communist government illegally buys spare parts here. These are needed to replace worn-out parts in American-made autos, aircraft, sugar and oil refining mills, and farm machinery.

Apparently, there are some in

the United States who are willing to take his dirty money. These dealers consign their goods, mostly to Mexico, for shipment to Havana.

Recently, the Department of Commerce's special compliance and enforcement divisions, working with the customs bureau, have beefed up their force of inspectors at the Mexican border and in Mexico itself. In the first quarter of this year, they grabbed four shipments totaling \$343,580 worth of hardware bound for Castro.

Castro is even deliberately starving the Cubans by cutting wheat orders from Canada to preserve his cocaine cash.

CUBA'S FOOD relief comes from the starvation skeletal economy behind the Iron and Bamboo curtains. Though Russia is rationing and hiking its food prices and though hunger is driving Chinese refugees into the barbed wire around Hong Kong, Castro's island is being kept alive by Sino-Soviet shipments.

The other week, the Peiping government sent some 2200,000 ton of rice—and munitions. Soviet-bloc ships constantly unload food—including scarce canned and frozen meat condensed milk, tons of butter, millions of tons of fish—and munitions—in Havana.

Obviously, Sino-Soviet leaders are willing to strip their own dwindling food stockpiles for Cuba. Not out of comradeship. They know that militia men with empty stomachs won't have the strength or the energy—ideological and physical—to empty guns and cannons on future anti-Communist invaders.

10 YEARS AGO—A thief broke into the Knox service station on W. State St. last night and stole \$247.79.

25 YEARS AGO—Certificates of graduation will be presented by Principal B. G. Ludwig to 218 members of the eighth grade class at the Junior High Friday morning.

35 YEARS AGO—It was announced today by J. S. Alan, superintendent of schools, that all of the tickets for the High School commencement exercises are sold.

## Issue Still Clouded

By DAVID LAWRENCE

### JFK's Speech Fails To Reassure Businessmen

Confession of error may be good for the soul—but this doesn't seem to include the soul of the politician. President Kennedy is sensitive to the criticism that his administration is against business. But it is evident he has either failed to read or prefers to ignore the basic reasons why businessmen are fearful and distrustful.

If the President had said in his speech at Yale this week that he had made a mistake—that he would not go beyond the law and seek to punish those who disagree with him, if he had cleared the air and acknowledged that, until Congress passes a law fixing wages and prices, the administration has no right to exert the kind of pressure used in the steel controversy—American businessmen would breathe easier today, the stock market would rise rapidly, and America would be traveling the road that leads to recovery and prosperity.

Instead, the Monday speech was in a sense defiant and scornful of critics. The President said the recent "dialogue" between business and government is "clogged by illusion and platitudes and fails to reflect the true realities of contemporary American society."

The President, moreover, included an ambiguous threat when he said:

"If a contest in angry argument were forced upon it, no administration could shrink from response, and history does not suggest that American presidents are totally without resources in an engagement forced upon them because of hostility in one section of the society."

SINCE WHEN in free America is debate taboo? What does all this mean? Is it a warning that the views of the man in the White House must be treated gently lest he get mad and let loose more reprisals?

That paragraph in the speech will produce its own dialogue for a long time to come.

The President in his speech at Yale denounced as a "myth" the idea that federal deficits are inflationary. He described criticism of unsound fiscal policy and declared that an "honest assessment plainly requires a more sophisticated view than the cliché that deficits are inflationary."

The presidential speech writers keep calling for a more "sophisticated" view of things, but they haven't looked up the original dictionary meaning of "sophisticated," which is some-

The people haven't exactly tired of such "platitudes," but they do want government itself to obey some of them and to pay heed to the lessons of history. These reveal that a government which continually spends more than it takes in and a government that attempts in a one-sided way to control by artificial measures the workings of the national economy leads that same economy sooner or later into the ditch of recession or depression.

## From the Files

Concerning the Overpass

It is my understanding that if the overpass is built, 16 homes will be taken down.

I can't see any reason to destroy existing residences just to provide better fire protection to the west end of town. The railroad has clearly marked signs at W. State St. crossing and they always separate a stopped train if a fire engine or ambulance comes along.

If the overpass can be built without taking our homes, I am one owner who would say "Go Ahead."

### ANSWERS YOUR PROBLEMS

Dear Ann Landers: I need an opinion. The women who were with me when this happened were horrified by my "bad manners." Am I guilty or not?

We were having lunch in a fashionable restaurant recently. When I began to eat my salad I noticed something under the lettuce leaf which looked strange. I called the waitress and said what it was. She said she didn't know but she'd take it to the kitchen and find out.

In a few minutes she returned and said, "The chef says it's a piece of pork hock but no one knows how it got in there." I thanked her and that was the end of the matter.

Do you think he should stop mentioning his reform school record? Please tell me what is best for him.—SAD SISTER.

Dear Sister: Your brother

should go back to high school and get his diploma. His record will be a lesser handicap if he is a high school graduate.

He shouldn't try to hide his past when he applies for a job. Unfortunately, some people will not hire a person with a record but I know the world is filled with good people who are willing to give a guy a second chance.

During adolescence they went through the normal phase of picking on me for trivial things. At times I was so depressed I could scarcely bear it. They NEVER criticized him!

The children are grown now and feel they grew up as happily as children could with an absent father and a too-serious mother. If I had to do over I would change only ONE thing. I would be more fun. Children need fun.

The clue was right under my nose but I was too jealous and hurt to see it. Fun doesn't cost money. It is smiles, laughter, and sharing simple pleasures.—S.G.

MRS. VERA ESCHLIMAN of 827 N. Ellsworth Ave. will hold open house Thursday from 2 to 5 p.m. for Mrs. Florence Mangus, formerly of Salem, now living in Columbiana. Mrs. Mangus' friends are invited to help celebrate her 90th birthday.

MEMBERS OF the Salem Camera Club will have a picnic tonight at 6:30 at Centennial Park. Officers for the year will be elected. Those attending are to bring covered dish and table service. Rolls and beverage will be furnished.

OPEN HOUSE was held Thursday evening by Mr. and Mrs. Joseph Kozar of Stewart Road, honoring their son, Joseph Kozar Jr., a member of the 1962 Salem Senior High School graduating class.

Bonita Bartholow and Joan Spack assisted the hostess with serving refreshments from a table featuring a large cake centered with a miniature capped and gowned figurine.

## Criss-Nutter Vows Spoken In Church

Gowned in a street length light blue lace dress complemented with a pink corsage, Miss Dorothy June Criss, daughter of Mr. and Mrs. Charles Criss of Canfield, was married to Donald Nutter, son of Mrs. Vonnie Nutter of RD 1, Salem, and Frank Nutter of Spencer, W. Va., Saturday at 7:30 p.m. in the First Baptist Church by Rev. Ray Hunter.

Attendees were Mr. and Mrs. Carl Nutter.

The bride attended Canfield High School. Mr. Nutter attended Spencer High School at Spencer, W. Va., and is employed by the Hoppe's Tire Co.

The young couple are temporarily residing in Canfield.

## 6 From District to Attend Girls State

Six area girls, including two from Salem, will be in attendance for the 16th annual session of the Buckeye Girls State that will get underway Saturday on the campus of Capital University, Columbus.

Those attending the nine-day government workshop sponsored by the American Legion Auxiliary are as follows: Margaret Gross and Jean Theiss of Salem High School; Janie Heimbuch and Bonnie Lindesmith of United Local; Beth Phillips of West Branch and Judith Mercer of Crestview.

This session is expected to surpass any previous year with some 1,125 high school girls expected. Each year the Buckeye Girls State teaches through practical participation, the rights, duties and responsibilities of American citizenship as well as the functions and problems of government from local through the state level.

## Hasson - Hilliard Vows Exchanged At Church

George A. Hilliard of 1244 Mound St.

Soloist for the service was Gary Hasson, brother of the bride, and Miss Bonnie Minth presided at the organ.

Given in marriage by her father the bride wore a gown of white silk organza over taffeta trimmed with re-embroidered lace. A scooped neckline with a Bertha collar of Alencon lace with back bow detail and streamers was featured on the fitted bodice with the long sleeves ending in points over the wrists. Appliques of lace highlighted the bouffant floor length skirt which ended in a Chapel train.

Her finger-tip length veil of imported silk illusion was caught to a crown of pearlized orange blossoms and she carried a miniature arrangement of feathered white carnations centered on a white Bible and showered with stephanotis and ivy.

Miss Polly Hilliard, sister of the bridegroom, was maid of honor, and bridesmaids were Mrs. Benjamin Morris, Mrs. Paul Wang, Mrs. Claude Berger, Mrs. Keith Griffith, Mrs. Roy Williams, Mrs. Raymond Wuthrich, Miss Birdena Berger, Mrs. Jesse Gaibreath, Mrs. Wesley Rump, Mrs. Wendell Berger, Miss Jean Wang, Mrs. Cecil Boone and Mrs. Peter Berger.

Devotions were presented by Mrs. Earl Fleming.

During the business meeting it was decided to hold a leadership development workshop at the next meeting.

The group presented a gift to Miss Wyss who will leave soon for an extended vacation in Hawaii.

Hostesses for the evening were Miss Wang and Mrs. Williams.

The next meeting will be July 9 at 8 p.m. in the church.

The best man for Mr. Hilliard was David Zimmerman. Dennis Wright, Benjamin Barrett, Kenneth McArtor and Robert Hasson Jr. ushered. Candles on the altar were lighted by John Hasson.

Miss Marsha Thomson registered the 200 guests who attended the reception in the church fellowship hall following the ceremony.

A three-tier wedding cake centered the bride's table, decorated with yellow pompons and lighted with yellow tapers. Mrs. Francis Brickner, Mrs. George Thomson, Mrs. Thomas P. Yuhaniak and Mrs. Robert Chappell served.

The bride is a graduate of Salem High School, Mr. Hilliard attended Ohio Wesleyan University and will be graduated in August from Kent State University.

## Hints From Heloise

haven't used some of them. I haven't used some of them. I have covered waste baskets, tables and even a floor! It's a floor which sees very little use, so I expected the cover to last only a year. The tape has now been on the floor two years and still looks as good as when first put on.

While redoing an apartment recently, my sister used it (and there are several kinds on the market) to cover counter tops in her kitchen. Even after thorough scrubbing, they have held up beautifully.

My gal with a little imagination, having once tried this plastic, can find all kinds of uses for it. It's really cheap in the long run. It's a great help when one wants to redecorate and hasn't much money . . . and who has? I would suggest when using it on a table top or a floor that it be given a good coat of wax.

DEAR HELOISE: Instead of buying rolling pin covers, use the leg of a white stocking. The little ribs of the sock will pick up excess flour instead of letting it absorb into the dough.

I also clean the lime deposits from my tea kettle by pouring vinegar into it and boiling it a while. Straight vinegar does the best job but sometimes half vinegar and half water will do just as well, if the deposits aren't too old.

## Perennial Guest

By HAL BOYLE

NEW YORK (AP)—There are people who think the ideal home machine is one which would air condition the place in summer and serve as a television set the rest of the year.

Those are the kind of people who criticize summer television programs because they are largely a rehash of things shown previously.

"It's the same old stuff," they complain. "Nothing new."

To some thoughtful aficionados, however, the sameness of summer television isn't so bad. It's the sameness of winter television that seems to them the real problem. The summer sameness is just an echo.

But I'm not so sure I'd want the situation changed. It has certain over-all rewards as it is now.

There was a time when I, like many others, wanted television to be new and challenging and different. And I yapped because it wasn't.

But lately I've been thinking along these lines:

After all, television is like having a guest in your living room.

We have had our set for 10 full years now. Some people have sets that are always breaking down. We have a set that never breaks down. You could hit our set over the forehead with a watermelon, and it would only blink its big bright eye—and go right on.

This perennial guest in our living room is no longer a stranger. We have learned to live with it, and now regard it rather fondly as a backward member of the family who will never quite grow up.

We're not at all sure now we ever want it to grow up. We have become accustomed to its ways.

Consider, on the other hand, what might have happened if this guest in our living room had remained new, challenging and different. It would have made us all nervous wrecks.

Who wants a new, challenging and different guest in his living room every day for 10 full years? Nobody. Long ago we'd have been forced to turn the living room over to such a gabby, frightening monster. We'd have had to camp out somewhere between the bedroom and the kitchen.

There are some who'd like to see Kitty sell the Longbranch Saloon, set fire to Marshal Dillon, have Doc operate on Chester's leg, then elope with Chester to Kansas City and open a beauty parlor.

There are even some who'd like to see Jack Benny change his expression or take up the piano.

Well, not us. We have thought this matter through, and we prefer to keep things as they are.

Every time we open our front door we run into something new and challenging and different. Life outside is so new and challenging and different it rather frightens us sometimes.

That's why we've decided we want that longtime guest in our living room to stay as sweet and hopeful as he is.

## The 'Mostest' in Apartments, Too—

Perle Mesta, Washington's legendary "hostess with the mostest," has new quarters for her new career as writer-lecturer. Mrs. Mesta gave up her mansion, "Les Ormes," to Vice President and Mrs. Lyndon Johnson, and now lives with her mementos and collectors' items in a 15-room penthouse atop a co-operative apartment overlooking downtown Washington and a portion of the Virginia countryside.

In lower photo, Mrs. Mesta poses with a French figurine in the music room. Cabinetlike piece is a desk once used by Marie Antoinette. In top scene, she surveys the Washington scene from one of two 40-foot-long terrace-type balconies.

To meet Mrs. Mesta's requirements, four two-bedroom units were changed to provide living, dining, music and drawing rooms, seven bedrooms and baths. The penthouse apartment includes an office, kitchens, and butler's pantry.

Donald Russell, 55, Spartanburg attorney and former president of the University of South Carolina, ran away from Lt. Gov. Burnet R. Maybank and three others to win the Democratic nomination for governor. The nomination is tantamount to election since the Republicans have no candidate in the November election.

Russell polled 162,801 votes in returns from 1,482 precincts. His four opponents drew a total of 106,868 votes with runner-up Maybank getting 85,514.

The primary contest was the first political test for the 65-year-old Johnston in 12 years.

In congressional races, two incumbents, 6th District Rep. John L. McMillan and 4th District Rep. Robert T. Ashmore won renomination over opposition.

## Sen. Johnston Beats Hollings In S. Carolina

COLUMBIA, S.C. (AP)—U.S. Sen. Olin D. Johnston handed young South Carolina Gov. Ernest F. Hollings a shattering political defeat Tuesday, winning their battle for Senate nomination by a landslide margin of nearly 2-1.

With 1,469 of the state's 1,604 precincts reporting, Johnston had 175,072 votes to 89,487 for Hollings.

Johnston will face Republican W. D. Workman Jr., Columbia newspaper columnist, in the November general elections.

## Finds Wire In Meal, Man Awarded \$1,325

LISBON — A common pleas court jury Tuesday awarded \$1,325 to a Lisbon man who swallowed a steel wire while eating at a local restaurant.

Raymond Roese of 226 W. Washington St. was awarded this sum by a jury which deliberated one hour. He had asked \$10,000 from the Hillyer I.G.A. Foodliner after he got a piece of steel caught in his throat while eating hash there in November of 1960.

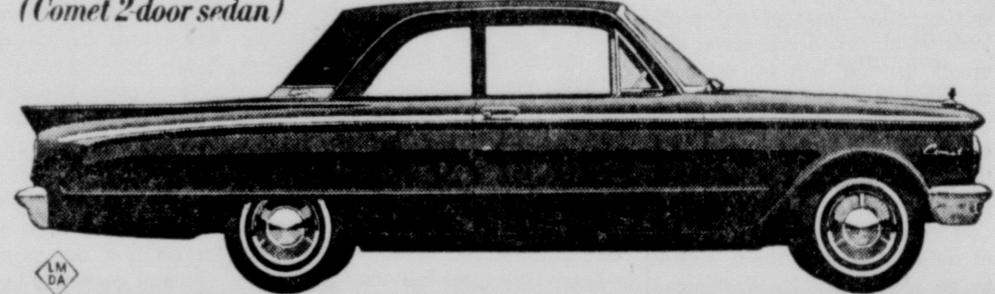

The trial began Monday morning before Judge Raymond S. Buzzard.

## Officials of Firm Which Bankrolled Estes To Testify

By GEOFFREY GOULD

WASHINGTON (AP) — Top officials of the Commercial Solvents Co., the firm which bankrolled Billie Sol Estes' now collapsed fertilizer empire in West Texas, were called today to explain their actions to a House subcommittee.

Maynard C. Wheeler, president of the New York chemical company, and William Leonhardt, vice president and treasurer, were scheduled as witnesses as the subcommittee began another two

country should be independent and neutral, not a cause for East-West conflict, is one point on which Kennedy and Khrushchev have agreed since they met in Vienna a year ago. But only now are the rival neutralist, pro-Western and pro-Communist Laotian princes settling on a nationwide government deemed needed to remove their land from the cold war.

Declaring this could be the pivotal event "in the cause of strengthening peace in Southeast Asia," Khrushchev told Kennedy that the results in Laos "strengthen the conviction that success in solving other international problems which now divide states and create tension can be achieved on the same road as well."

U.S. policymakers were well aware that the extent to which the cooperative venture succeeds in Laos depends on how far the Communists, who hold the stronger military position there, choose to go along with it. Washington has been unwilling to commit forces directly in the small, distant, landlocked country, although Kennedy has stationed U.S. troops in neighboring Thailand.

W. Averell Harriman, assistant secretary of state for Far Eastern affairs, said that American troops in Thailand would not be withdrawn just because the Laos coalition has been formed. He said the U.S. military deployment is aimed at bolstering Western strength in all non-Communist Southeast Asian countries.

As for the withdrawal of U.S. military advisers from Laos, Harriman said this would be done simultaneously with the pullout of non-Laotian Communist forces. U.S. strategists say a most important step in the Laos settlement is the proposed withdrawal of outside forces, estimated to include up to 10,000 North Vietnamese Reds.

Speaking in a television interview —ABC—News Final—Harriman said Khrushchev joined in supporting a coalition government for Laos partly because of a desire to check Red Chinese expansion southward.

Harriman denied that Communist membership in the new coalition would lead to eventual Red takeover.

days of hearings in the House caucus room.

Possible future witnesses are two Agriculture Department officials in the Eisenhower administration who resigned to take jobs with Commercial Solvents.

In addition to his huge dealings in surplus grain storage and cotton allotment transfers, Estes built up a flimsy pyramid in the liquid fertilizer business, trying to corner the market in West Texas by cutting prices below cost.

The fertilizer was anhydrous ammonia, use of which has become a way of life for farmers in sausage-shaped 1,000-gallon tanks, mounted on wheels for easy movement.

Estes bought his fertilizer from Commercial Solvents, assigning the proceeds from his government grain storage contracts as payment. The New York firm got more than \$7 million in these government payments, but it was not enough to square the account.

The bankrupt Estes still owes Commercial Solvents \$5.7 million. To get operating cash, Estes worked out a scheme of discounting mortgages on the fertilizer tanks, but most of the tanks did not exist. This led to his indictment on fraud charges.

Commercial Solvents was named in a civil antitrust suit filed against Estes by the state of Texas, on the ground that its extension of millions of dollars in credit to Estes enabled him to run competitors out of business and corner the market by selling below cost.

One of the oddest byproducts of the Estes case came into the news again Tuesday.

It was disclosed that Mark K. Jones, 51-year-old agriculture department secretary, has asked Secretary Orville L. Freeman to clear her name and pay her restitution.

Miss Jones was hauled out of the department building and placed in a mental ward for observation for 12 days after she got into a squabble with department employees who were guarding a room where some files on Estes were stored.

Her only connection with the Estes case was that she worked for N. Battle Hales, a longtime department employee who publicly accused his superiors of showing favoritism to Estes.

Hales was shifted to another job and barred access to his old office, where the files were. Miss Jones ran into her trouble when she tried to get into Hales' old office to get a routine paper signed.

### Ahead of Schedule

LISBON—An Aug. 1 date, a month ahead of schedule, has been set by the Riley Construction Co. of Sebring for the completion of the new 14-room addition to McKinley School.

Good weather and extra workers accounted for the speed-up, it was reported.

The electrical work is completed. The roof also is completed and about half of the windows are installed. This then completes the outside work, leaving only the inside work and painting left to do.

The Firestone Electric Co. of Salem has the electrical contract and the Cardinal Plumbing and Heating Co. of Sebring, the combined plumbing and heating contract.

Work on the project began May 1.

## Possibility Of Algeria Pact Changes Hit

(Continued from Page One)

TUNIS (AP)—Algerian national

Premier Youssef Ben Khedda categorically rejected today the possibility of revising the Algerian peace agreements to give further guarantees to European residents.

The head of the Algerian provisional government charged that "a series of maneuvers" is being made "in an attempt to sabotage the Evian peace agreements by making it appear possible they can be revised under the pretext of giving additional guarantee to the Europeans."

"My government categorically excludes this possibility," Ben Khedda said.

Ben Khedda, who made his statement as he left for Cairo, said, "The return of real peace can only be realized through the loyal application of the accords concluded at Evian."

Ben Khedda's statement came after two weeks of contacts between representatives of Algeria's European minority and members of the Algerian provisional executive body which is governing the North African territory until the July 1 self-determination referendum.

The European Secret Army Organization, trying to preserve French rule in Algeria, let up on its killing of Moslems when the secret contacts were begun. The secret army recently intensified scorched earth tactics, destroying schools and other installations by fire and explosives.

Ben Khedda's declaration may be followed by a resumption of large-scale murder of Moslems by the European terrorists. The national premier said so far France had not employed sufficient means to re-establish order in Algeria.

"In certain French political and military circles," he said, "there is complacency and complicity with colonialist extremists."

Ben Khedda flew to Cairo for a meeting of the Casablanca alliance of African states. He indicated he would seek military aid against European terrorism should France not put it down.

a pipe to an air conditioner. This was dismantled, steel bars some how torn aside and access gained to the mess hall roof.

A 50-foot-long drain pipe led to the ground, about 100 yards from the water on the San Francisco side of the island.

From this point, Warden Blackwell said, it was anybody's guess what the three desperate men did.

If they struck out for San Francisco, they had a mile and a quarter to swim or drift, with cold currents against them. On the northern side of the island it was 1 1/4 miles to Angel Island State Park. From there it was another 1 1/4 miles to the Marin County shore. To the east from Alcatraz lay the Navy's Treasure Island two miles away.

## Flooring Firm President Quits

### Admits Using Funds Without Authority

NEW YORK (AP) — The E.L. Bruce Co., manufacturer of hardwood flooring, has announced that Edward M. Gilbert resigned as president and director after admitting "unauthorized withdrawal from the corporation in the amount of \$1,953,000."

E. L. Bruce Jr., chairman of the company, said Gilbert had disclosed the withdrawals to the directors at a meeting Tuesday.

Bruce said they had taken place from May 28 to June 6. May 28 was the Monday on which the stock market experienced its worst decline since 1929.

In a statement issued later, Gilbert defended his actions and said he had made the disclosures voluntarily.

"The actions I have taken were directed to the protection of an acquisition program on behalf of the corporation, and in my judgment were in the best interests of the corporation and its stockholders," Gilbert said.

"I adhere to that judgment, confident in the belief that it was and is correct," he added.

Gilbert, 38, said he had resigned "to permit the board to have a free hand to take such action with respect to those matters as it deemed advisable."

Bruce's statement said the company had retained special counsel to submit the facts of the case to the Securities and Exchange Commission and the American Stock Exchange, where the company's stock is traded.

Bruce said the company is covered by a surety bond of \$750,000. He added that the company's prospects are bright and that sales are 30 per cent higher than last year.

Bruce was the most active stock on the exchange Tuesday, dropping 3 1/4 points to the year's low of 15 1/2 on volume of 39,000 shares. Its high for the year was 37.

The company's 1961 sales totaled \$42 million.

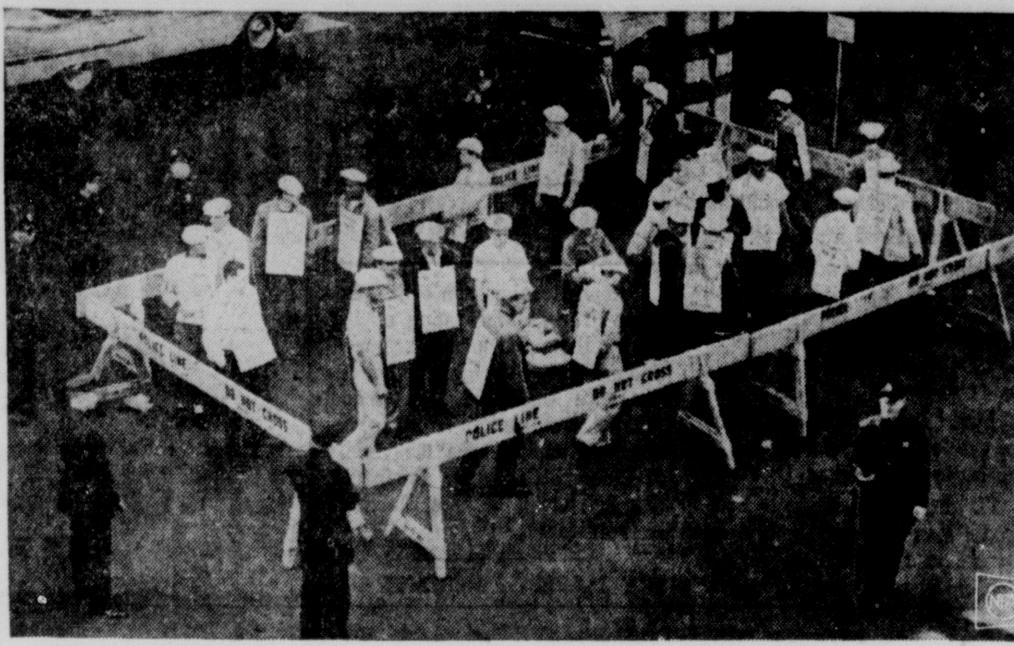

Gilbert became president of the Bruce company last September upon its merger with Empire National Corp., of which he was an officer.

The company has its headquarters in New York and plants in Memphis and Nashville, Tenn.; Little Rock, Ark.; Bruce, Laurel and Columbus, Miss.; Cairo, Ill.; Vredenburg, Ala., and Center Tex.

### BEGINS SENTENCE

WARREN, Ohio (AP) — James Matash, Warren bondsman who pleaded guilty to a witness tampering charge, has started serving a 30-day jail sentence. Common Pleas Court Judge G. H. Birrell imposed the sentence Tuesday and fined Matash \$1,000.

Matash was indicted last fall by the Trumbull County grand jury in connection with a multi-million-dollar sewage project scandal in Warren.

PICKETS FENCED—Corralled by barricades and a cordon of police, striking members of the Seafarers International Union picket outside a New York City pier. Action was taken to prevent possible violence which might have flared with members of a rival union.

## County Republicans Form Fund-Raising Organization

Columbiana County Republicans met Tuesday night in Lisbon Village Hall and organized a county-wide "five dollar" club, according to Atty. Charles A. Pike of Lisbon, county GOP chairman.

Membership in the fund-raising organization is open to any county resident upon contribution of a yearly five dollar fee. Pike told the assembled Republicans that the objective of the club is two-fold:

### With the Students

Mrs. Lawrence E. Horton of 414 S. Lincoln Ave. entertained at open house recently in honor of Mr. Horton's graduation June 3 from Mount Union College.

Mr. Horton received a bachelor of arts degree in history and was graduated magna cum laude. He received the GAR memorial award in history. He is a member of the honor society, Blue Key; Psi Kappa Omega honor society, Pi Gamma Mu honor society, and Sigma Nu Fraternity.

He has accepted a position at John Williams Junior High School in Painesville Township and will teach history.

Mrs. Horton was assisted by Mrs. Cris Horton and Mrs. C. J. Lehward.

Pam Chentow, 19-year-old daughter of Mrs. Eva Chentow of 1176 E. 9th St., a junior in accounting at Ohio State University, will be a summer student at Western Reserve University.

The 1960 Salem High School graduate will be a student assistant at Canfield Hall at OSU this fall, aiding and orienting freshman girls. She will continue on the business staff of "Makio," OSU yearbook, and "The Com-

### DISALLE POSES QUESTION

COLUMBUS, Ohio (AP) — Gov. Michael V. DiSalle has put another campaign question—15th in the series—to State Auditor James A. Rhodes, his rival in the November election. DiSalle asked: "Will you divest yourself of any outside business connections if you are elected governor?" Rhodes was not available for comment. The governor declined to say if he knew whether Rhodes has any such connections.

The 54 charter members of the club, under the temporary chairmanship of State Rep. Clarence Wetzel, elected Allen Dalrymple of Wellsville as president. Dalrymple announced that the charter members will serve as a task force in a campaign to recruit additional members into the organization. An ultimate membership of 1,000 countians is proposed.

Other officers elected are Roy Guy of Columbiana and Atty. J. Wafren Bettis of Salineville vice presidents; Mrs. Bernice Lewis of Lisbon, secretary; and James Magill of Columbiana, treasurer.

The next meeting of the club will be held in September.

## The Doctor Says

By DR. H. T. HYMAN

### Guard Foods' Top Nutritional Values

As a nation, we are the best fed people of all times. Nutritional problems frequently are those of overproduction and overeating.

Nevertheless, during periods of unusual demand, such as the months of pregnancy and the years of childhood growth, efforts must be made to preserve the nutritional values of products we buy and to reduce spoilage and wastage to a minimum.

To assist the housewife toward this end, thus stretching the dollar to the limit of its purchasing power, the AMA council on food and nutrition has issued a series of useful booklets. Much of the information was originally published in their magazine, "Today's Health."

HERE ARE SOME of the practical suggestions that should have appeal to the prospective mother and to the housewife who is faced thrice daily with the problem of stoking the furnaces of a brood of rapidly growing youngsters.

Store milk and milk products in refrigerator. Certain B vitamin constituents are destroyed by light.

Store frozen foods in freezer at

zero degrees F. or less (do not freeze after thawing).

Store canned goods in cool, dry area at about 50 degrees F. (root cellar or back of refrigerator).

Store opened canned foods, juices and leftovers in refrigerator after covering tightly.

Wrap dark green leafy vegetables, broccoli, asparagus, lettuce, etc. in wet cloth and store in humidifier or coldest part of refrigerator (50 degrees F. or below).

In closed container, place beans, tomatoes, cabbage, peppers etc., in refrigerator.

Place fruit in refrigerator if (Vitamin C is rapidly lost unless protected.)

To prevent withering, store potatoes, carrots, turnips, parsnips etc. in cool, dry place. Vitamin C content is highest in small, new, freshly dug tubers such as potatoes.

In trimming vegetables, re-

member that less attractive outer leaves contain highest concentrations of vitamins and minerals.

OHIO FIVE DAY FORECASTS

NORTHERN OHIO — Temperatures will average three to six degrees below normal. Normal high 81-85, normal low 60-63. Cool beginning of period, warmer over weekend.

Rainfall will average one-fourth to one-half inch in scattered showers about Sunday.

SOUTHERN & CENTRAL

OHIO—Temperatures will average three to six degrees below normal. Normal high 81-85, normal low 60-63. Cool beginning of period, warmer over weekend.

Rainfall will average one-fourth to one-half inch in scattered showers about Sunday.

**Ginger Roll Is Served With Sauce**

Gingerbread, the all-American favorite, whether it be in appealing gingerbread men or steaming squares of gingerbread served with your favorite sauce or ice cream. As popular today as it was in ancient Greece and Rome, but made so quickly today with the fuss and bother preparation of olden days.

Gingerbread mix makes it all possible. Just add water to the mix, bake and within the hour you have the full rich spicy flavor and aroma reminiscent of old-fashioned gingerbread.

You will find this elegant gin-

ger roll and exciting variation of shape and flavor. Elaborate but simple. Try it soon, then you can add this ginger roll to your honor roll of gingerbread favorites.

1 1/4-ounce package gingerbread mix, 1 cup water, sifted confectioners' sugar, 3 tablespoons crystallized ginger, chopped, 1/2-pint heavy cream, whipped (or 1 1/4-ounce package dessert topping mix, prepared).

Prepare gingerbread mix according to package directions. Pour into a well greased and floured 15x10 1/2x1-inch jelly roll pan. Bake in a moderate oven

approximately 30 minutes.

When cake is thoroughly cooled, unroll carefully. Add chopped ginger to whipped cream and spread this mixture to within 1/2-inch of all cake edges.

Very carefully roll cake up again. Garnish top of ginger roll with remaining whipped cream, and whole pieces of crystallized

ginger. Refrigerate for 1 hour before serving. Yield: 10 servings.

**New Waterford**

The Lions Club met recently at the Methodist Church to observe ladies night. Officers installed were: Niland Herbkersman, president; Louis Groubert, first vice-president; John Wolford, second vice-president; Wayne Rupert, third vice-president; Charles Brooks, secretary; and Clark Gibson, treasurer. Cecil Conkle is the tail twister and Harold McIntosh, Lion tamer. William Baughman and Charles Rogers are new directors.

A Court of Honor for Troop 35 of the Boy Scouts was held Thursday evening at Mil-Pic park. George Robertson of Columbian, guest of honor, presented awards.

James Hawkins, member of the Fairfield-Waterford school faculty, has received a six-week scholarship in driver's education at the University of Pittsburgh. The scholarship, made possible by an All-State Foundation grant, will start June 25.

Mrs. Lydia Sloan suffered a stroke at the home of her son, Ellis, in Washington, D. C.

Lloyd Everett, Eugene Esterly and Raymond Montgomery, custodians in the Fairfield-Waterford School system, are attending a

workshop for Custodians at Kent State University.

Mr. and Mrs. Harley B. Rinehager of Arizona visited recently with her sister, Mrs. Anna Ward.

## On the Bookshelves

### New Books at Salem Public Library

NEVER TEASE A DINOSAUR by Joseph F. Hannan. A new Jersey teacher in the elementary grades writes about his amusing adventures with Christmas pageants starring the first grade of tours that seem more misguided than guided, class elections with more voters than members, progressive education, etc.

THE TOUCH OF MAGIC by Lorena A. Hickok. Subtitled "The Story of Helen Keller's great teacher, Anne Sullivan Macy," this is a brief and touching account which largely succeeds in bringing its subject out from the shadow of her famous pupil. Relating the main events in Annie's life, from her sordid and unhappy childhood at the Massachusetts state almshouse and her schooling at Perkins Institution through her 50-year association with Helen, the author emphasizes the indefatigable labor and selfless devotion that "teacher" gave, despite her own increasing blindness, to the lifelong task of educating her deaf and blind charge.

THE DOCTOR'S DILEMMAS by Dr. Louis Lasagna. An attack upon medical superstition and quackery, fads, malpractice, price-fixing in the drug trade, obstinacy in the AMA, religious intolerance, etc., with some very frank remarks about polio and cancer "cures" and folk medicine.

NEW COUNTRY by Allan R. Bosworth. The youngest of ten children tells how Papa roved about Texas in a horse-drawn Studebaker wagon, doing odd jobs, working as a ranch hand, picking cotton, while Mama bore ten children, until she rebelled in 1903. Thereafter she kept the family together all by herself.

WEST WITH THE SUN by Stuart Cloete. A fascinating account of a 28,300 mile trip by freighter, with Tiny, his wife from New Or Pedro, Manila, Hong Kong, Saigon, Jakarta, Kuala Lumpur and other exotic ports. Always curious, always articulate, the author comments on red ants, the hair of Chinese girls, segregation, and a host of other ideas or things.

MY LIFE OF HIGH ADVENTURE by Grant H. Pearson with Philip Newill. The one-time superintendent of Mt. McKinley National Park and current representative for his district in the Alaska state legislature tells of his career in the national park service as permanent ranger and later Chief Ranger and of his adventures in the great Northwest, particularly as a member of the first party to scale both the north and south peaks of Mt. McKinley.

# Angels Dump Twins, Yanks Regain First With 2-1 Win

## Thomas' Homers Pace Surging LA

By MIKE RATHETT

Associated Press Sports Writer  
The fourth place Los Angeles Angels crept within a game and a half of the first-place New York Yankees Tuesday night and Lee Thomas provided the punch in a 7-5 victory over Minnesota.

The 26-year-old left-handed swinger hit his eighth and ninth homers against the Twins, connecting with one on in the third and tagging another with the bases empty in the seventh.

Tribe Rained Out

The defeat dropped the Twins from the league lead into third place. The Yankees took over the top spot with a 2-1 triumph over Detroit. Cleveland, rained out at Washington, moved percentage points ahead of Minnesota into second place.

Kansas City edged the Chicago White Sox 2-1 on Dave Wickersham's three-hitter and Boston squeezed by Baltimore 4-3 in other games.

Although Thomas provided the fireworks for the Angels, it took a three-run outburst in the sixth inning to snap a 3-3 tie and subdue the Twins. Felix Torres' single drove in the tie-breaker as the Angels got the benefit of four walks in the inning.

Bill Stafford (6-3) held the Tigers to three hits until the ninth when singles by Rocky Colavito, lost it.

## Hot Stove Leagues

Pitchers dominated Hot Stove League activity as one no-hitter, one one-hitter and three two-hitters were hurled in the six league encounters played Tuesday.

### Class E

Leetonia CIO 4022 recorded its first victory in its first game of the season behind the two-hit pitching of Dave Tingle as the E. W. Bliss nine fell by a 6-0 count.

The winners pushed three tallies across the plate in the first frame and coasted to victory. Singles by Mevel Van Fosson and Tingle sparked the first inning rally.

Leading the way for Leetonia in the hitting department was Van Fosson with three singles. Pitcher Tingle fanned 10 batters in chalking up the triumph.

Jim Galchick and Clyde Stoffer each rapped a single, both in the sixth canto.

### Class F

Jim Lantz hurled a one-hit shut-out to spark the Electric Furnace aggregation to a 9-0 win over Mullins. The victory kept Electric Furnace undefeated with a 4-0 mark.

Five Mullins errors, four in the first three frames, aided the winners cause. Electric Furnace tallied six runs in the first three innings on only two hits, singles by Bob Wagner and Rick Thomas, seven walks, a hit batter and the four miscues.

Wagner and Chuck Alexander with two hits apiece paced the Furnace nine attack. Wagner belted a triple in his total.

Doug Plastom smacked the only safety off Lantz, a triple in the fifth frame. In gaining the win Lantz fanned 11 Mullins batters.

The winners were helped along with four walks in the first inning and a single by Marty Catlos was the big blow in canto for Fisher's.

Seelye pitchers, Doug Killian and Chuck Joseph were just as effective as Luttmers but the Fisher nine made use of the breaks to gain the victory as both teams had six walks each.

Luttmers struck out nine Seelye hitters in going the distance on the mound.

Rick Elliott collected both Seelye hits off Luttmers.

### Class G

The Eagles had to come from behind to edge the Italian Club, 7-6 after the losers led the game for three innings, 2-0.

Walks to the first two men up in the first inning coupled with an error brought the losers their first two tallies and the lead.

The Eagles went ahead 4-2 in the fourth frame on a single by Mike Hilliard, a walk and two errors. The Italian Club came right back with four runs in the top half of the fifth to grab the lead again, 6-4 on a double by Greg Proctor and a single by Dick Walker powering the way.

The winners tallied one run in the last of the fifth and won the

## Irishman Gets Nod to Cop British Title

HOYLAKE, England (AP)—Joe Carr, the golfing pride of Ireland, was a clear favorite today to win the British Amateur Championship for the fourth time—with 12 Americans still among those trying to stop him.

England's Michael Bonallack, last year's winner and top seed, was shocked into a 2 and 1 defeat Tuesday by a young Irishman, Jackson Taggart. The experts predicted that with Bonallack gone, no one would be able to hold the big hitting Carr on this course of long flat fairways.

The 40-year-old Irishman, who won the title in 1953, 1958 and 1960 was scheduled to meet John Langridge, a little known English player, in the third round.

Robert Sweeny, 50, of Palm Beach, Fla., who won this title in 1937, met John Glocer of Northern Ireland in the second round.

David Goldman, 53, of Dallas, Tex., who was runner up to Lawson Little in the American Amateur of 1934, was matched against R. E. Rimmer of England in the third round.

Goldman reached the final of the French Amateur last week.

BIRTH OF A CHAMPION! Today, after years of research, development and testing, Willys Motors proudly presents the 'Jeep' Tornado-OHC—America's first overhead camshaft engine designed for commercial vehicles.

WHAT IS AN OHC ENGINE? In a pushrod engine the valves are on top—the camshaft, which operates them, is at the bottom. It's an awkward situation like playing the piano sitting on the floor—you have to stretch up and over to hit the keys. Giving the Tornado-OHC engine overhead cams—which is what the initials OHC stand for—is like giving the pianist a chair. You get much better performance.

LOADED OHC 'JEEP' VEHICLE PULLS LIKE IT'S EMPTY! 33% more power—and, more important, very high torque at very low engine speeds give the Tornado-OHC engine better acceleration and much longer life.

EASY GOING—ON GAS AND MAINTENANCE! Higher thermal efficiency means up to 25% better gas economy. Fewer moving parts mean simpler, less frequent, less expensive maintenance.

COME IN AND TEST DRIVE THE TORNADO-OHC ENGINE—now available in 'Jeep' Pick-ups, 4-wheel drive Utility Wagons, 2WD Station Wagons and Panel Deliveries. But be warned—with its exciting performance you'll probably want to take it home with you!

## Ailing Minoso Fears Not Wall or Ball

ST. LOUIS (AP)—"It's too late for me to be afraid of the wall, to be afraid of the ball," says Minnie Minoso. "It will never happen. I could not be afraid."

He sat in the empty St. Louis Cardinal dressing room Tuesday night squeezing the handle of a bat with his right hand, trying to build up the muscles in his injured wrist.

The 40-year-old veteran fractured his head and his wrist last month when he hit the concrete left field wall in Busch Stadium while chasing a ball. He is on the disabled list.

"I got hurt on the job," he said in broken English, "There is nothing I can do. That is destiny."

"If I die on the field, it is a good place to die."

Minoso said he gets "a little lonesome. Sometimes I sit in the dressing room during the game, sometimes I sit at home. I pinch hit in my head—not that I think I do better than other men—but it is hard not to play. It makes you mad that you can't do anything for the team—just practice and hope for them."

OAKMONT, Pa. (AP)—Arnold Palmer, his confidence booming again like his rocket-ride drives, is a 5-1 favorite to gain the second leg of professional golf's grand slam in the 62nd U.S. Open championship beginning Thursday at the Rugged Oakmont Country Club course.

### Having Trouble With Irons

"I'm out of the slump with my irons, if that's what it was, and my finger isn't bad at all," said the bronzed Masters champion from close-by Latrobe, Pa., after firing a 2-under-par 69 in his last major warmup on the 6,894-yard, par 36-35—71 course he has played on and off since he was 2nd try for his first Open title.

"You could say I'm driving and putting pretty well. If my finger doesn't get any worse, it's not going to restrict me at all. The only time it really hurts is when I'm signing autographs."

Bliss Victory Protested By Italian Club

## Lisbon, Odom's, Bliss Win In 'A'

Lisbon Hotel tripped Shaffer Ford, 10-6; Odom's Sohio nipped the Salem Democrats, 12-11 and Bliss dropped the Italian Club, 7-6 in nine innings for its first win of the season in Class A action Tuesday at Kelley Park.

Joe Surace's homer in the first inning provided the big punch for the Lisbon Hotel nine as they pushed five runs across the plate to take an early 5-0 lead. Shaffer Ford kept in the ball game in the last half of the first canto by scoring three tallies on two singles and Frank Common's double.

Lisbon clinched the tilt when the winners racked up two more runs in the third frame and three more in the seventh. Shaffer Ford added three more to its total in the fifth.

The win gave Lisbon a 5-1 mark while Shaffer Ford dropped to a mark of 3-5.

Pacing the Lisbon Hotel attack was Surace with two hits, including his homer and a triple. Harry Duncan and Irving Guthrie rapped two singles apiece to aid the Lisbon cause.

Eugene Stallsmith socked two singles to pave the way for the Shaffer nine.

Odom's Sohio had to come from behind to rack up its sixth victory in eight starts. The Democrats collected 10 runs in the first two frames while holding the winners to only seven.

In the first two innings the Democrats were aided by three walks, seven errors and four singles. Jim Smith featured for Odom's in the first two cants by rapping two singles. Wendall Hamilton and Tom Ehrhart banged

out a double apiece during the two frames for the winners.

Odom's moved into the lead in the fourth inning by pushing four runs across the plate on a homer by Tom Ehrhart, a triple by Smith, a double by Marty Limpose and a single by Jerry Jeffries.

Smith led the Odom's hitting attack with three safeties. Jeffries and Tom Ehrhart chipped in with two hits each.

Seven different Democrat batters chalked up singles.

After losing six straight games the Bliss aggregation needed two extra innings to eke out a one run victory over the Italian Club. Because of interference by a fan in the stands the Italian Club is protesting the game. A decision will be rendered later.

After two scoreless innings the Bliss nine managed to push three tallies across the saucer. The Bliss cause was aided by two walks and singles by Orville Blyth and Bruce Riley.

After scoring one run in the last of the third the Italian Club tied the score at 3-3 in the fifth on singles by Larry Ingledue, Jim Fagan and Jim Foreman.

Both teams racked up three more runs in the next two frames to end the regulations even inning. They all tied up 6-6. Singles by Bob Allison and Lanny Stoffer, a walk and a sacrifice fly by Bill Morrison was all Bliss needed to chalk up the winning run in the top of the ninth inning.

Riley and Allison paced the Bliss attack with two hits each.

Racking up two hits each for the Italian Club were Ingledue,

John Chaffin, Hughes and Foreman.

Fishing continues remarkably good at Lake Guilford with crappies and bluegills providing the most action. The hot spot seems to be off the retaining walls on the east and south section of the lake.

It is not uncommon to see fishermen with 50 or more crappies and bluegills on their stringers although they are not all large fish.

Halting the tailspin which dropped them out of the National League lead, the San Francisco Giants snapped their six-game losing streak Tuesday night, sweeping a doubleheader from Cincinnati 2-1 and 7-5 and moved back within a game of the first-place Los Angeles Dodgers.

Juan Marichal (9-4) checked the Reds on seven hits in the opener and drove in the winning run in a two-run seventh inning surge that put it away for the Giants.

The Dodgers, rolling with seven victories in nine games and 20 in 24, ran into a 17-hit, five-homer Milwaukee outburst behind Lew Burdette's six-hit pitching and lost a game and a half of their lead with a 15-2 clobbering by the Braves.

Reds Tumble to Fifth

The defending champion Reds fell from third place to fifth. Pitts-

burgh moved into third, 7½ behind, by edging the Chicago Cubs 4-3 and St. Louis nipped Philadelphia 3-2 to take over fourth. Houston defeated New York's Mets 3-2.

Johnny Podres (3-5) and two successors, Hank Aaron, who had three hits, and Ed Mathews each hit home run No. 11 and Gus Bell, Frank Bolling and Tommie Aaron also connected. Mathews' homer also connected. Mathews' homer was the 381st of his career, tying him for eighth place with the Yankees' Mickey Mantle.

### Indians' Ace Could Miss Yank Series

WASHINGTON (AP) — Cleveland manager Mel McGaha is worried because Dick Donovan, his pitching ace, has to work in tonight's twin-night doubleheader with the red-hot Washington Senators.

McGaha is wondering whether Donovan (8-2) will be able to pitch against the New York Yankees in Cleveland Sunday as had been planned.

Donovan was supposed to pitch in Tuesday night's rained-out game with the Senators, who have won their last four contests. This would have given the veteran hurler four days rest before his next assignment.

The cancellation forced McGaha to use Donovan in the first game of the twinbill, giving Donovan only three days off before Sunday.

McGaha is concerned because Donovan has always had four days rest between pitching assignments.

Pete Ramos (3-2) will pitch the nightcap for the Indians, who took four out of five from Boston over the weekend and are now 7-6 on the current road trip. The Senators will counter with Claude Osteen (2-5) and Dave Stenhouse (4-2).

Pitching — Dave Wickersham,

Athletics, won his fourth in five games as a starter after beginning season as relief pitcher, limiting Chicago White Sox to three hits for 2-1 victory.

Turtle hunters who feel them out under the stream banks have been getting their share and then some. Since the streams are low it is fairly easy to get at them.

The season opens on frogs at 6 p.m. June 15th. Zepernick Lake was stocked with frogs about five years ago and they can be heard towards sundown and on into the night. There are also a few in Guilford around the bank willows but not exactly easy picking. I checked a spot on Beaver Creek recently where there is a fairly good population of frogs and this same colony has been in existence for several years. Evidently, the frog hunters do not know about them and I don't intend to pin-point the location. Hunt your own!

### United Little League

Results of Tuesday's United Little League action is as follows:

Kensington 3, Franklin Twp. 2; East Rochester 19, Hanoverton 13, and Winona 12, New Alexander 8.

Friday's results are as follows:

Winona 7, Kensington 6, and Franklin Twp. and Hanoverton played to a 13-13 tie because the game was called on account of darkness.

## Puttkamers of Greenford Feted At Farewell Party

GREENFORD — Mr. and Mrs. Raymond Lamb and daughter, Phyllis, had a farewell party Friday evening in honor of Mr. and Mrs. Fred Puttkamer who left Sunday for Greendale, Wisconsin.

Guests were Mr. and Mrs. J. H. Howe of Youngstown, Mr. and Mrs. Wallace Law of Long Beach, Calif., Miss Mary Law of Detroit, Mr. and Mrs. Lowell Whinnery and Charlotte Whinnery of Salem, Mr. and Mrs. Eldon Kropf of Canton, Mrs. Frank Bauer and Miss Vesta Kindig of Greenford.

### Seniors Tour New York

The Greenford senior students left Monday by train for a guided tour of New York City and will return Thursday.

Mrs. Russell Huffman will be hostess Thursday afternoon to the Home Circle Club.

Miss Sherry Moore left Saturday for a summer resort on Lake George, N. Y., where she will be employed for the summer.

Auburn-haired Pat Lynn Hackett, a singer, and blonde Patty Joyce, who described herself as an exotic dancer, testified they had fought employer pressures to serve as B-girls. Both are from Philadelphia.

Police Inspector Frank Rizzo of Philadelphia, testified Miss Joyce hadn't even told half the story of the B-girls' missions to fleece "visiting firemen." He said the Philadelphia police in two years have

closed clip joints by systematically raiding and harassing them.

Rizzo testified angrily that this was achieved despite harassment of his men by club owners' law-

## Pro-Red Laos Prince To Rule Temporarily

VIENTIANE, Laos (AP) — Already sniping at "American warmongers," pro-Communist Prince Souphanouvong will take temporary command of Laos' new coalition government late this month.

Neutralist Prince Souvanna Phouma, premier designate of the new government, said Tuesday he and right-wing leader Gen. Phoumi Nosavan will be in Europe at the same time. During their absence, he said, "the whole burden of state affairs will fall on Souphanouvong."

Phoumi, like Souphanouvong slated to become a deputy premier, will lead a Cabinet delegation to Switzerland June 24 or 25 to ratify the 14-nation Geneva agreement on Laos pledging the little Southeast Asian nation to neutrality in the cold war.

Souvanna said he is going to France to attend the wedding of his daughter.

Just what powers Souphanouvong will be able to wield while running Laos was not clear. The bulk of the Cabinet posts are invested in neutralists, and the coalition agreement stipulates that all decisions related to the ministries of defense, interior and foreign affairs must have the unanimous agreement of the three faction leaders—Souvanna, Souphanouvong and Phoumi.

Souvanna, Souphanouvong's half brother and ally in precoalition maneuvering, welcomed the American pressure that forced the right-wing Vientiane regime to give way to the coalition. But Souphanouvong has shown no softening in his anti-American position.

The next step in what the United States hopes will take Laos out of the cold war will be for Souvanna to present the new government to King Savang Vathana. He plans to do this in the royal capital of Luang Prabang Monday.

Prince Boun Oum, the prime minister of the pro-Western royal government in Vientiane, flew with Gen. Phoumi to Luang Prabang today to submit his government's resignation.

Phoumi's delegation to Geneva will sign a pledge of neutrality agreed upon 13 months ago by such big powers as the United States, the Soviet Union, Great Britain, Red China and France.

## Tree Growers Plan Event

Using an airplane to extinguish a forest fire, will be one of the demonstrations offered at the summer tour and meeting of Ohio Christmas Tree Growers Inc., according to Jim Pendry of Lisbon, chairman of the general committee for the event.

The dates are July 20 and 21, and the fire control demonstration is one of many designed for people interested in forestry, game management, and the growing of Christmas trees.

Robert Donahey, owner of the 800-acre plantation, has 200 acres planted in Christmas trees, of various ages and species. Headquarters for the two-day event will be East Local School, at the corner of Donahey's farm, four miles south of Hanoverton.

At least 25 exhibits of equipment and machines useful for tree growing, will be shown and demonstrated near the schoolhouse.

A dinner and business meeting will be held at Queens Gardens on Route 30 near Hanoverton Friday evening.

## SOMETHING NEW IN '62

### GOING ON at McCULLOCH'S

THE CLANS got together this week at McCulloch's when MacDonald Plaid Stamps made their appearance --a colorful one too--

THE BRIGHT red and black plaid with the golden thread will be prominent thru-out the store from now on. Watch for our windows -- PLAIDS are taking over at McCulloch's.

BONNIE LASSIE will be in the store--do come in and meet her. She will show you the stamps and the three denominations and how simple the plan is. She will give you the gift catalog and answer your questions.

THIS IS AN important week at our store. The introduction of the stamps and then too, June is busy because of selection of gifts. Graduation is past in most cases but the wedding gifts and Father's Day gifts are in demand. We are sure you will find things to your liking in this category.

OUR MEN'S Department pleases us--you've shown us it pleases you too. It's a busy place these days -- dear ole' dad is topmost there, and well he should be. Next Sunday is Father's Day and the department is just full of things to delight him.

THEN TOO, the Downstairs Store has many things of interest to the "head man" in your life. All men are chefs (the outdoor type at least) and we have all the 'makings' for him to show the family how to really charcoal a steak. Outdoor chaises and chairs to let him relax in--luggage designed just for him.

THE DOWNSTAIRS Store is also well supplied to help you in choice of wedding gifts. Come in and browse around--you'll get ideas --we hope you do at least.

REMEMBER free gift wrapping and also PLAID STAMPS.

### There's A Plaid Day In June

### McCulloch's Forging Ahead With First of Many New Trends

McCulloch's name means quality in merchandise. Our customers know that --they shop with us with confidence. Because we appreciate that and want to continue pleasing our friends, we feel this is an excellent way to show it.

Our gift to you for your continued patronage.

### McCulloch's Top Quality Plus Plaid Stamps

There Will Be The Same Dependable Quality In All The Merchandise.

Prices remain the same too. It is just a bonus, a gift to you from us.

So many of our customers asked for the Stamp Plan -- It is certainly the new way to shop.

M is for McCulloch-- it's also for MacDonald and everything is A-OK. From now on our customers may receive Plaid Stamps. It's surprising how quickly these books fill up--one stamp and one lick fills a whole page if your purchase is \$5.00. There are two other denominations, too--then comes the fun

We are excited about it--looks just grand to us. Because so many of you have shown such interest in this way of buying we feel sure it will meet with approval with all.

The Plaid Stamps are a way of saving. Buy as usual, what you need, when you need it -- But save for that extra lamp, chair, table, even a mink coat while doing it.

It's fun and its thrilling to watch those pages fill up. The Plaid Stamp way is so much easier and quicker.

### Bonnie Lassie Comes To McCULLOCH'S

The Red Carpet Is Out, We Are Riding  
On A Pink Cloud And The Cheers  
Ring Clear And Loud.

We are really pleased about this plan. As the McDonald Stamp people say your dreams come true with Plaid

Stamps. Only 1200 stamps to fill a book. There is less work--because ONE 50 unit stamp fills a page -- just one lick.

Plaid Stamps offer you 3,076 gifts to choose from. Even travel abroad. There are 2 catalogs to see.

One for you to keep

### About Plaid Stamps and Charge Accounts

All regular accounts paid within 30 days of billing will receive their Plaid Stamps at our office. Budget accounts and lay-away accounts when paid on the regular schedule are eligible for stamps.
